

Nursing Concepts Online – Grading Queue

This guide will explain the basic functionality for the Nursing Concepts Online (NCO) Grading Queue.

1. The Grading Queue is where assignments that need manual grading, such as Case Studies, appear after student completion. Once a student completes one of these assignments, if it is set to be graded, it will be added to the Grading Queue. You will notice a number next to the Grading Queue listing how many submissions need grading.

On the left, under 'COURSE TOOLS', the 'Grading Queue' link is highlighted with a red box and a red circle containing the number 1. Other links include 'Course Home', 'Grades', and 'Roster & Teams'. The main area features an 'Announcements' section and a course banner with the text 'Nursing Concepts Online for RN 2.0' and 'GIDDENS'.

2. By clicking the **Grading Queue**, you will have a list of all assignments that need grading and how many ungraded submissions are present.

The 'Grading Queue' link in the left sidebar is also highlighted with a red circle containing the number 1.
